**Cc:** Cappellini, Malenna; Gale, William  
**Subject:** Icicle Creek data at RM 2.3

Here it is, Emi. I'm happy to pull other data from Ecology. If you want to look around on what data might be in the area, you can also look at

<https://fortress.wa.gov/ecy/eimreporting/Eim/EIMSearch.aspx?SearchType=AllEIM&State=newsearch>, which is a link to Ecology's EIM database that includes data they've collected as well as other groups who can upload their monitoring data. I haven't used the map to see if there is more data at the mouth of Icicle Creek.

The data below is from the 2002-2003 TMDL study on Icicle Creek at RM 2.3.

Your request for EIMSearch Download is COMPLETED.

Following is your request information:

Download Type : EIMSearch  
Download Description : Icicle Creek at RM 2.3  
Download Record Count : 1221

**Subject:** Re: EIMSearch Download Request Confirmation (COMPLETED)

Hi Jenny,

Is it possible to also get the data at Icicle Cr nr Leavenworth (45IC02.3)? It looks like the spreadsheet you sent me also contains some phosphorus info too. I'm not sure if this is useful yet, but I want to explore all options.

Thanks,  
Emi

Hi Emi, Bill, and Malenna,

Emi, here's the raw data from our files on 2006-2011 phosphorus concentrations collected at the intake and Outfalls 001 and 002 at the hatchery. Also, the link below is the data from Icicle Creek at the mouth from Ecology's 2002-2003 study.
